

P. A. puts new joy into the sport of smoking!

YOU may live to be 110 and never feel old enough to vote, but it's certain—sure you'll not know the joy and contentment of a friendly old jimmy pipe or a hand-rolled cigarette unless you get on talking-terms with Prince Albert tobacco!

P. A. comes to you with a *real reason* for all the goodness and satisfaction it offers. It is made by a patented process that removes *bite and parch!* You can smoke it long and hard without a come-back! Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

Prince Albert affords the keenest pipe and cigarette enjoyment! And that flavor and fragrance and coolness is as good as that sounds. P. A. just answers the universal demand for tobacco without bite, parch or kick-back!

Introduction to Prince Albert isn't any harder than to walk into the nearest place that sells tobacco and ask for "a supply of P. A." You pay out a little change, to be sure, but it's the cheerfulness investment you ever made!

SECOND BALLOTING LIKELY IN ELECTION IN CUBA

Presidential Contest Between Menocal and Zayas Claimed By Both Sides.

Havana, Nov. 6.—With the result of the presidential election still undecided and both sides claiming victory, it was regarded as probably that new elections may have to be held in some of the municipalities of Oriente province before it definitely can be determined whether president Mario G. Menocal, Conservative candidate, or Dr. Alfredo Zayas, the Liberal nominee has triumphed.

Answering charges of frauds made by the Liberals, Dr. Ricardo Doz, president of the National Conserva-

tive party, issued a statement in which he strongly protested that the election had been an honorable one.

Many Balking

That many Kentucky National Guardsmen have failed or refused to take the Federal oath, binding them to a service of six years, was made known in Kentucky reports to the Militia Bureau, Washington.

To Wash Feather Pillows.

It is possible to wash pillows without removing the feathers. Boil in borax water, to which a small quantity of ammonia has been added. Use half a teacupful of borax to a boilerful of water and add a teaspoonful of ammonia. Boil 15 or 20 minutes. After removing pillows from the boiler, scrub the tick, if badly stained, by laying on a washing board and applying suds with a stiff brush. Rinse in two or three waters and hang out on the line in a shady place to dry. Shake pillow and change ends two or three times a day. Bring pillows into the house before dew falls or it rains, as it takes a long time to dry pillows at best. This process makes the feathers light, flaky and sweet smelling.

STATE BUILDINGS ON FARM

Often Pays to Move Some of Houses in Order to Secure a More Convenient Arrangement.

The location of the buildings on a farm has a great deal to do with the time it takes to do the work. It will often pay to move some of the buildings in order to secure a more convenient arrangement. W. C. Palmer of the North Dakota experiment station tells how this was done on one farm with the following results: Under the old plan it required walking 53 miles a year just carrying in water. Under the new plan the water was piped into the house—no walking required. Bringing in the wood under the old plan required walking 22 miles. Under the new arrangement this was reduced to 8 1/4 miles. The trips made to the machine shed during the year amounted to 57 1-3 miles; by the new arrangement it was reduced to 11 1/4 miles. By the new arrangement the year's trips in feeding the hogs was reduced 102 1/2 miles and in caring for the chickens three miles were saved. The total saving for the year through rearranging the farmstead was 217 1-3 miles.

It was found that the time used in walking these 217 1-3 miles was worth \$36.74. It must be remembered that it was not only a case of walking three miles, but it was usually with some thing to carry.

HANDY LATCH FOR COW GATE

Will Not Open of Itself, But It Can Easily Be Operated by Foot From Either Side.

I have invented a handy latch for the cow lot gate. It will not open of itself, but it can easily be opened by the foot, writes Roy Kinnebrew in Farmers' Mail and Breeze. The latch (D) is held in place by the weight (A). The footpiece (B) is bolted through the center to one of the slats in the gate, and at one end to the upright piece (C). The piece (C) is also bolt-

ed to (D). Step on the footpiece and the latch springs up. There are two of these foot pieces, one on either side of the gate, so it can be opened from either side.

POULTRY NOTES

Sitting hens should be moved at night.

If you set hens be sure to give them clean nests and keep them clean.

If several hens are set in one room it is desirable to confine them in good nests.

Have everything that goes to market fresh, of good quality and strictly clean.

No incubator can bring off good hatches unless it is surrounded by pure air.

Ducks are much easier to raise than chickens, and reach the roaster stage much quicker.

Hens with little chicks should have a large indoor run when the weather is cold or stormy.

A lump of sugar saturated with coal oil will cure in two doses hens that have eaten maggots.

Sanitary conditions are absolutely necessary to retain the health and vigor of the little ones.

Eggs saved for hatching purposes should not be subjected to either a high or low temperature.

Healthy, strong and vigorous breeding stock is necessary for quick growing, profitable market birds.

Alfalfa or clover hay, soaked in warm water makes a good substitute for green feed for the poultry.

For scaly leg in fowls apply a mixture of sulphur, lard and coal oil three times a week and it will cure them.

Why offer for sale small, dirty, checked or stained eggs? These may be consumed at home at full market value.

You can improve your flock and breed better chicks if you will only use your best judgment. Remember, quality instead of quantity.

Clean out the henhouses and disinfect with lime. Build new nests, if you cannot be sure that the old ones are made perfectly sanitary.

Eggs for hatching should not weigh less than two nor more than two and

MRS. H. M. FLAGLER AND

JUDGE BINGHAM MAY WED

Rich Widow Will Meet Louisville Man and Reporters Sunday.

New York, Nov. 6.—Requests for confirmation of the report that Mrs. Henry M. Flagler, widow of Henry M. Flagler, one of the founders of the Standard Oil Company, is engaged to marry Judge Robert Worth Bingham, of Louisville, Ky., were met by a statement that Mrs. Flagler had gone to Washington, but would return Sunday, when she will meet Judge Bingham and representatives of the press.

Mrs. Flagler was Miss Mary Lilly Keenan, member of a prominent Southern family of Macon, Ga. She is said to have inherited between \$60,000,000 to \$70,000,000 from her husband, who died in 1913 at Palm Beach, Fla.

Robert W. Bingham, former mayor of Louisville, will be married Nov. 15 to Mrs. Mary Kenan Flagler, widow of Henry M. Flagler, the railroad magnate who died in 1913. Judge Bingham was born in North Carolina in 1871. Flagler's first wife became insane and after much litigation he obtained a divorce and married Miss Mary Kenan, a young woman of Macon, Ga. In a few years he died leaving her his estate of \$70,000,000. Judge Bingham is a widower with three children. His first wife was killed in an automobile accident a few years ago. Judge Bingham and Mrs. Flagler first met at the commencement exercises of the University of Virginia, twenty-three years ago. The couple will reside in Louisville for an extended period, later dividing their time between that city and the Flagler homes in Palm Beach and New York.

PURELY PERSONAL

Mr. and Mrs. C. C. Major, C. C. Major Jr., and Miss Myra Word, motored to Paducah yesterday to spend a week.

James Wootten has returned from a commercial tour of the south and will remain in the city several weeks.

Mrs. Lucien Ruby left Wednesday for Hopkinsville to spend a week or ten days with her mother, Mrs. Lou West.—Providence Enterprise.

Keen Waller, who recently underwent an operation, is rapidly improving and able to be out.

Governors in 35 States

The following States will elect Governors: Arizona, Arkansas, Colorado, Connecticut, Delaware, Florida, Georgia, Idaho, Illinois, Indiana, Iowa, Kansas, Maine, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Washington, West Virginia, Wisconsin.

Squab Pie.

Line a deep dish with puff paste, bake ten minutes in a hot oven and allow to rise. Cover this with a layer of good sausage meat, fill it with four to six squabs stuffed with a force meat flavored with truffles. Cover the birds with a layer of sausage meat and another of paste. Paint the pie with yolk of egg and bake from one to two hours. Fill the hole left in the center with one cupful of melted aspic jelly. Serve cold.

Puffs of Meat.

One cupful dried roast meat, two eggs, one cupful milk, one teaspoonful baking powder, one heaping tablespoonful flour, pepper and salt. Beat up the eggs, add them gradually to the flour, then add the milk, salt and pepper and powder. Divide into buttered casseroles and bake in a hot oven. Serve hot. Small individual dishes are as good as open casseroles or cocottes.

Virginia Waffles.

Boil half of a cupful of Indian meal in a cupful and a half of water 30 minutes. Add a cupful and a half of milk, two teaspoonfuls each of sugar and melted butter, two cupfuls of baking powder and two well-beaten eggs. Fry in a well greased waffle iron. Serve with maple syrup.

Maple Pudding Sauce.

This is good on bread or cottage pudding. Beat the yolks of two eggs with a tablespoonful of sugar. Melt a cupful of maple sugar in a cup of hot milk and when boiling stir in the beaten egg yolks, stirring all the time until it thickens. Beat whites of eggs until foamy, and add just before serving.

MOTHER'S REMEDY FOR BRUISES

Children's Rumps, Sprains and Minor Hurts Quickly Relieved by Sloan's Liniment.

It is the very nature of children to hurt themselves—to come crying to mother with little fingers bruised, with heads bumped, with sprained ankles and wrists.

They are painful hurts, too. But their pain and stings can't survive the gentle use of this liniment. A single application of Sloan's Liniment and—the little fellow's bravely kept back tears give way to smiles. His hurt is relieved.

In every home where there are children a bottle of Sloan's Liniment is a necessity.

Aching muscles, rheumatism, lumbago, stiff neck, backache, chilblains, etc., can be effectively relieved with Sloan's Liniment. Cleaner than mus-sy ointments or plasters.

Sloan's Liniment can be obtained at all drug stores, 25c., 50c. and \$1.00.

Editor's Love Letter.

"Dear darling delinquent! Our precious subscriber in arrears! You are so shy! Do you think we have sold out and gone? No little sugar plum, we could not get away if we wanted to. We are still at the same old stand dishing out to the advertisers on sweet promises and bright expectations. They make an excellent diet, darling, with a little pudding flavored with a ward of encouragement to serve as a dessert. We are waiting and watching for thee, our turtle dove. We long to hear thy gentle footstep on the stairway below and to hear the ring of the happy dollars within our office. Dear one, we feel unusually sad and lonely without you, dear. Now little pie-crust, will you come? Do we hear you answer in a voice so sweet and beguiling, 'I'm coming,' or is it only the winds that around our office roar? We pause for further development."

Fair Weather Election Day.

Washington, Nov. 6.—Generally fair weather for nearly all parts of the country on election day is predicted by the Weather Bureau. This special forecast was issued:

"The indications at this time are that on Tuesday, election day, moderate temperature and generally fair weather will prevail all over nearly all parts of the country. There is, however, a possibility of unsettled weather and rains in North Pacific States, the northern Rocky Mountain region, in the extreme upper Mississippi valley and in the region of the Great Lakes."

He is now a man without money. He bit at a Get-rich-quick Scheme.

A smooth-tongued schemer came along and showed him how he could make "big money." He put in his pile and LOST it.

Just plain common sense should have told him if that project was so good, the schemer would have kept it for himself. Or, he should have consulted his BANKER, who knows about these things. Then he wouldn't have lost his money.

We shall gladly advise you on any investment you are thinking of making.
